

The Formentera Council's Office of Sport wishes to announce the start, from today, of registration for swimming courses at the municipal swimming pool. Signups will be held at Antoni Blanc fitness centre from Monday to Friday, 8.00am to 10.00pm.

Groups will be formed based on age, with one cohort of 2 to 12 year olds, another for swimmers over 12, and groups for expecting mothers, aquafitness and light gymnastics. Roughly 275 students—adults and children—are expected in total.

Classes, held afternoons from Monday to Friday and between 30 and 45 minutes in length, begin September 13 and run through June.

Swimming classes for newborns

This year, for the first time, the pool is offering two monthly infant swimming lessons at no charge. Two Saturday sessions, at 10.30am and 11.00am, will be available to newborns and their accompanying guardian, although interested individuals must reserve in advance at the front desk of the sports centre. During the first term, classes will go September 9-23, October 7-21, November 4-18 and December 2-16.
