

The Formentera Council department of sport announces that Poliesportiu Antoni Blanc and the swimming pool will close from Friday December 21 to Sunday January 6. The closure will not only give crews the chance to conduct maintenance and other operations that cannot be done when the centre is in use, but it will be used as time-off by staff.

Activities will pick up at the two facilities on Monday January 7. Timetables and details about classes being offered can be found [here](#) .
