

The Formentera *deixalleria* (waste drop-off point) will remain open Easter holiday week except Good Friday. The site serves as a collection and separation point for rubbish that is unsuitable for home pickup. It will open Maundy Thursday, Saturday and Monday for its morning hours of operation — nine in the morning to half past one. As environment councillor Daisee Aguilera reported, “We're aware that many on the island use the Easter holiday either to open shop or get ready for the season ahead. Hence the Council has asked the site's operator, Ferrovial, to remain open the coming days”.

The collection centre is located at the industrial park, between La Savina and Sant Francesc on the Sant Francesc-La Mola road, and has been in operation since May 2015. It is there that Formentera residents are requested to take any rubbish not fit for streetside bins. Normally, the centre is open mornings, Monday through Saturday, 9 a.m.-1:30 p.m., and afternoons, Monday through Friday, 3:30-5:30 p.m.
