

The Formentera Council's Office of Social Welfare has announced today that it will give €12,000 in aid to the elderly and individuals with disabilities in 2016. Among other requirements, grant applicants must reside in Formentera and either be more than 65 years old or have a disability determined to be 33% or higher.

Anyone interested in applying for the assistance can obtain more information through the Office of Social Welfare. The application period ends May 30. An advisory committee will be tasked with choosing which projects will be given money. Last year 15 people received money under the plan, to a total tune of €10,185.
