

The Formentera Council's social welfare office reports the start of the application period for assistance for local associations and not-for-profit groups creating social service programmes and strategies in 2018. The deadline for applications is July 9.

In total, the administration will unlock €45,000, eleven thousand more than last year.

The money will go to cover costs of programmes aimed at broadening Formentera's range of social and public health services.

Helping programmes that broaden Formentera's range of social and public health services, developing activities within associations and not-for-profit groups working in care and improving living conditions for dependent seniors, people with disabilities, mental disorders or other chronic ailments.

Candidates should contact Formentera's dependent care centre at 971 32 16 17.
