

Today, Formentera Council president Jaume Ferrer met with the deputy chair of the local chapter of regional cultural association Obra Cultural Balear (OCB) to sign into effect a deal aimed at “expanding cultural programming on Formentera in 2017”.

Under the deal, OCB Formentera promises to head up organising for “Primavera de cultura”. “Cultural spring” in English, the yearly gathering and its array of presentations on new publications, panel discussions, roundtables and poetry readings coincides with celebrations surrounding Sant Jordi day on April 23. OCB will also be on the hook for cultural publications and material on Formentera's historical and natural heritage, not to mention, as a prime mover of local culture, advisory work and research.

The Council has pledged to provide up to €7,000 to support OCB Formentera's efforts.
