

At a one-off plenary assembly held today in the Formentera Council's Sala de Plens, a drawing was conducted to select polling station staff and substitutes for the general elections of April 28, 2019.

The drawing, conducted with the help of a software programme, led to the selection of 81 islanders, who will now be notified. There is one polling station in la Mola, three in Sant Ferran and five in Sant Francesc. Each station requires the designation of one chairperson, two spokespeople and two substitutes for each. A total of 7,574 residents are registered to vote.
