

At a one-off plenary assembly earlier today, and tracking with a decision by the Advisory Council of the Balearic Islands, "yes" votes from the GxF and PSOE cabinet overcame Sa Unió abstention to reject Sunway SL's request for an *ex officio* review of planning permit 94/2007, which the Consell de Formentera granted to Morsanix SL on 11 May 2012.

Bartomeu Escandell, Councillor of Economy, Finance and General Services, described the Advisory Council's decision as "proof the technical and legal teams of the Consell de Formentera observe best practices; so I want to congratulate them on their work. I think today is a good day for Formentera and a bad day for those who continually question the actions of the Consell de Formentera".
