

Today, 30 September, Formentera Council president Jaume Ferrer, also president of Consorci Formentera Desenvolupament (Formentera Development Consortium), made the decision to terminate CFD director José Ramón Mateos.

The action comes following the decision by CFD, the Govern Balear and the island councils of Eivissa and Formentera to dissolve the CFD by 31 December, 2014.

José Ramón Mateos assumed the charge of director of CFD on 1 June, 2010. Upon termination of Mateos' duties as director, CFD president Jaume Ferrer expressed his gratitude for the services dutifully provided by Mateos.
