

The Formentera Departments of Culture and Youth report that this Saturday 29 August the Casal de Joves will host the latest in a line of cultural happenings orchestrated by Las MoskitasMuertas. With a special focus on emerging artistic languages, this weekend's *càpsula cultural*

—or “culture capsule”— will see participation from creators who haven't yet made twenty-one. It promises to be a stimulating, innovative experience capable of opening the eyes of all those whose gaze is on the future. Space is limited and tickets can be reserved at
