

Today through 8 September, Centre Antoni Tur 'Gabrielet' will host *Vida Morta*, an exhibit by the Barcelona-born and Formentera-based photographer Muntsa Darné, alias Muntsabee.

"*Vida Morta* at its core is a reckoning with death", confides the artist. "It's about my uneasiness with regard to things that have ceased to exist or simply transformed into something else. Loss is a profound feeling at times difficult to express", she asserts.

Darné insists each of her pieces is a creative process meant to transfer an emotion, and to share it she uses words and symbols of beings that are no longer here: a butterfly, a coded letter in a book...

The exhibit will be on view 11.00am to 2.00pm and 6.00pm to 10.00pm until 8 September (closed Wednesdays and Sundays).
