

The Formentera Office of Culture is pleased to announce that from 17 to 27 August, Sala d'Exposicions "Ajuntament Vell" will host "Aaron Keydar–Anthology: 50 years of research in wood".

The exhibition is composed of 15 sculptures made between 1975 and 2021. Keydar presents works crafted from olive, almond, pine and juniper tree wood and black amber. Part of his work has a figurative component.

Keydar, who trained as an architect, studied in Israel and London. He has lived on Formentera for fifty years, and this is where he began working with wood, as he says, "accidentally", first making furniture and later sculptures. His works are part of public and private collections.

The exhibition opens Tuesday 16 August at 8.00pm, and can be seen Monday to Saturday, 11.00am to 2.00pm and 7.00pm to 9.00pm.

Sala d'Exposicions "Ajuntament Vell" is closed Sundays, holidays and Monday mornings.
