

The Formentera Council's Office of Education and Culture has announced plans, this Wednesday and Friday at 12.30pm, to stage two educational concerts for students of Sant Francesc and Sant Ferran's public primary schools.

The concerts, held in the cinema, are part of a pilot programme which uses storytelling to familiarise children with musical instruments and dance. Chief of education and culture Susana Labrador voiced her hope that kids get a sense of the music and dance initiatives available on the island. She thanked the teaching staff of the municipal music and dance centre for organising the event.

Labrador said leaflets with signup information would be passed out after each concert to ensure any would-be musicians and dancers get their chance to take part. Enrolment runs from April 3 to June 25 and can be done in person at the OAC or on-line at the OVAC. The music and dance school's entire catalogue can be found here: http://escolamusica.conselldeformentera.cat/cursos-i-tallers/
