

The Formentera Office of Mobility reports that roughly 2,000 authorisations to park at no cost in metred blue and green zone spots will expire 1 March.

Rafael González, Councillor of Mobility, encouraged motorists whose credentials are set to expire to renew them, pointing out renewals could be processed through the Citizen Information Office (Oficina d'Atenció a la Ciutadania, OAC). For in-person service, visit the OAC. For service online, click on "Top Services" (*Destacats*) on the OVAC website.

To see if your permit is still valid, visit zonablava.com and enter your vehicle plate number.

During the first half of March, parking attendants will focus on explaining the renewal process to drivers.
