

The Formentera Office of Mobility reports that Sunday 1 May will mark the start of summer rules for metred parking in La Savina, Sant Francesc, Sant Ferran and Es Pujols. The rules will be in effect from Monday to Sunday from 9.00am to 9.00pm.

Blue zone passes will be valid in any blue zone parking space on the island, and drivers without an exemption must pay €1.20 an hour. Residents with their exemption in order may obtain passes free of charge.

Under summer rules, motorists equipped with a pass can leave their vehicles in blue zone spaces for up to a day, rather than three days, as occurs in winter. Green zone spaces are only open to drivers of authorised vehicles and for a maximum of one day in summer. Accredited residents of La Savina can park their vehicles for up to 15 days, as is already the case in winter.
