

The Formentera Council's Office of Sport has announced the start of registration, next Wednesday, August 10, for the municipal pool's 2016-2017 round of swimming classes. All those interested have got until August 29 to sign up at the Antoni Blanc sports centre.

Learning groups will include: two groups of year-plus infants; 25 groups of children aged three to twelve, divided into five levels; nine groups of children 12 and up; one group of expecting mothers; three groups for Aqua Fitness and one easy gymnastics group. All told, it is hoped that some 110 adults and 200 newborns, infants and youth will participate.

Classes will be in the afternoon, Monday through Friday. Most will last 45 minutes, though some classes for adults will meet only for a half-hour. Classes begin September 12 and run the length of the school year.
