

From today, the Formentera Council department of social services, la Conselleria de Benestar Social, will add a new vehicle to its arsenal of service equipment. The van will be used by the Conselleria's home-visit service (SAD, for Servei d'Atenció a Domicili), a programme to boost individuals' personal autonomy. SAD is aimed at averting deteriorating health conditions and social alienation among the programme's participants as well as promoting sound relationships between them and their families and housemates.

L'Obra Social la Caixa, the social arm of CaixaBank, donated €12,400 to help with the purchase of the van, which SAD staff calls its most crucial tool.

Vanessa Parellada, Formentera's councillor of social welfare, met earlier today with Maria Belén Villalong, the director of CaixaBank's Eivissa-Formentera business unit, and Pep Marí Mayans, office manager at CaixaBank Sant Francesc Xavier, to make the donation official.
