

Jaume Ferrer, president of the Formentera Council (CiF), signed this morning deals with four of the island's pensioners' clubs. Under the deals, the Council will provide 24,000 euros in financial support to Formentera's pensioners and elderly residents. The 12-month pacts are aimed at funding the seniors' clubs' day-to-day maintenance, service costs and new programmes on the island in 2016.

Together with chairwoman Margarita Sanchís of Sant Francesc's association of retirees and pensioners, the CiF president signed off on a 9,000-euro funding promise. Another pact, valued at 6,500 euros, was struck with Rita Costa, of the Sant Ferran social centre and centre for the aged. Partnerships were also clinched between the Council and Maria Costa, chair of the la Savina retirees' and pensioners' club (4,500 euros) and Jaume Escandell, chair of la Mola's senior centre (4,000).
