

The Office of Education of the Formentera Council will set aside €45,000 for textbook grants this school year. CiF education councillor Susana Labrador announced the money would be used as “aid to underwrite new acquisitions for primary and secondary schools’ textbook reserves” as well as “individual grants for registered Formentera residents who are taking part in the 2015-16 early-childhood education course”. According to Labrador, “45 of these same grants were awarded last year”.
