

The Formentera Office of Youth Affairs is pleased to report that three local pupils took part in the eleventh session of the Children's Parliament of the Balearic Islands held today. Vanessa Parellada, councillor of youth affairs, also attended the session, where the central theme was mental health.

Participants to Mallorca to present their proposals on behalf of the children and youth of Formentera and to discuss, together with young people from across the region, the importance of mental health in children and adolescents.
