

The Office of Youth of the Consell de Formentera is pleased to report that the Casal de Joves staged its 15th anniversary celebration on Friday 31 March. At 4.30pm, parents, children and many others came to see the facilities and meet Casal youth and staff at an open day.

Vanessa Parellada, youth councillor, came to the party to celebrate that "15 years on, the Casal de Joves is a benchmark and meeting place to share and grow for the multiple generations of local youth here today". Activity leaders, whose dynamic work she applauded, "are on hand to offer support and oversee programming tailor-made for Casal youth".

Children and youth were able to enjoy activities like spin art, mural painting, table football and other games. At 6.00pm attendees enjoyed a snack and from 8.30pm onwards, the audience guided participants in an activity called "Improxoc" in creating a totally improvised story. The performance was followed by a pizza dinner and the party culminated with a musical performance. Early generations of Casal youth —Lu, Tur, Acqua, Gawchito, Flaco Fer and Dj Day-n— came together to offer a rap concert.
