

Wednesday 7 October will be marked by the publication of the very first issue of *Agenda Esportiva*.

Produced by the Formentera Council's office of sport, the *Agenda*

contains listings of sporting events and information about the 13 sports clubs and teams on the island. One thousand copies of the publication – presented as a brochure – have already been printed, and will be distributed at locations around the island such as the Citizens' Information Office (l'OAC) and different spots known for their dedication to sports.

«The initiative was born of a desire to promote use of sports facilities and healthy physical activity», described Jordi Vidal, the CiF's councillor of sport. He noted that, responding to local demand, the Council took the decision to begin opening both the Antoni Blanc fitness centre and the municipal swimming pool on Saturday mornings.

Family fitness

Councillor Vidal remarked the expanded opening hours were devised to get entire families taking part in healthy, active behaviour: «The idea is that while kids are at swimming or judo class, parents can be doing something physical too».
