

Installation is facilitated by the ADAF (Association of Artists of Formentera) in the Posidonia Festival, where participants will stage the creation of the biodiversity of our planet.

The installation will take place in front of the tent of Posidonia Festival starting from a Big Bang in the center of the festival's tent.

The artists, within the theme of biodiversity at different stages (including the personal imaginary) recreate biodiversity with sculptures, paintings and other artistic manifestations.

Participate in the exhibition the artists from Formentera Enrique Riera, Robert Hawkins, Nuria Fortuny, Daniel Ventura, Cesar Ordaz, Aaron Keyder, Jordi Torrent, Lorenzo Pepe and from Valencia Paco Castelló.

Art installation will be on the festival, 1, 2 and 3 October 2010.
