

Consell de Formentera president Alejandra Ferrer sat down with Joan Francesc Ferrer, treasurer of Obra Cultura Balear-Formentera, and local culture chief Susana Labrador to sign a collaborative agreement on culture and heritage for the year 2021.

The Consell will sponsor up to €9,000 of the OCB's programming, which this year will centre on 'Primavera de Cultura' (Cultural Spring) and other events for the feast day of Sant Jordi. All activities will be held in compliance with restrictions stemming from the Covid crisis.

As a respected cultural entity, the civic organisation additionally pledges to publish material to foment culture and the island's historical and natural heritage, plus offer consulting and steer research projects.

The group will also publish work designed to foment culture and the island's historical and natural heritage, not to mention, as a respected cultural entity, serve advisory functions and perform research.

The agreement is signed annually and aims to build on Formentera's cultural capital in 2021.
